Remember this a 4WD safari and may not be suitable if you have a bad back, are pregnant or prone to motion sickness. **NOT RECOMMENDED FOR YOUNG CHILDREN.** Dress comfortably – it's not a fashion parade! And don't forget your swimmers, towel, camera and bottle of water. Please note: It is illegal to feed Wongari (dingo).

Tour Itinerary

K'gari is the world's largest sand island, 123 km long by 15 km wide. It was **World Heritage Listed** in 1992 after a bitter struggle between conservationists, sand mining and logging interests. It is composed almost entirely of vegetation covered sand, with over 40 freshwater lakes and dense rainforest.

Our tours take you into the best areas of this environmentally sensitive region and discover its precious eco-systems, abundant wildlife and natural beauty. Throughout the day you will touch on and appreciate nature's magnificent paradox. Seemingly endless golden beaches encompass towering hardwood forests, barren heathland, pristine rainforests, huge creeping sandblow deserts, crystal clear freshwater lakes, gurgling blood red streams, prehistoric ferns, mosaic coloured sands.

Centuries of intriguing history; from the most recent environmental conservation battles to sandmining and logging ...to the numerous shipwrecking disasters; the most famous being the 'Stirling Castle', in 1836 and the tale of 'Eliza Fraser'. Back to human habitation 20,000 years ago by the **Butchulla**, the indigenous people of Fraser Island and the legends of **K'gari** - the beautiful spirit Princess K'gari or perhaps the shattered Rainbow - Coloured Sands Dreamtime story.....to the beginnings beyond the ice ages - originating on the tablelands of Northern New South Wales millions of years ago.

Nature and her mysterious ways - let your guide unlock a few of the secrets.

- Early morning departure from the Sunshine Coast.
- Whenever possible – 40 Mile Beach, famous "Coloured Sands"/Wide Bay to Rainbow Beach.
- Ferry Crossing (drive on/drive off) over The Great Sandy Strait to the southern tip of "World Heritage" K'gari (Fraser Island).
- 75 Mile Beach – Nature's seemingly endless golden highway. It's a superb beach flanked by the beautiful Coral Sea.
- Travel along narrow inland 4WD Sand Tracks through heathlands and towering hardwood forests to our destination....crystal clear Lake McKenzie (Lake Boorangoora).
- Lake McKenzie – world famous for its turquoise colours and fine dazzling white 92% pure silica sands. Swimming – a refreshing dip.....fantastic. *swim/lunch approximately 1.5 to 2 hours.
- Lunch is a delicious "Aussie Style Bush Picnic" – There's a choice of ham, chicken or beef salad roll or a Greek salad wrap (v). Served with a freshly made fruit salad and complimentary beer, wine, soft drinks and water.
- Explore Central Station, an old Forestry Station surrounded by magnificent rainforests. A multitude of luxuriant palms, cycads, ferns and hanging vine, piccabeen, macrozamia, angiopteris evecta and strangler figs. Stroll along Wanggoolba Creek Boardwalks and marvel at the beauty, variety and lushness.
- Homeward Bound we pass the pine forests of Toolara and the Cooloola Recreation Area.
- After a wonderful experience, expect to be back in Noosa at approximately 5.30pm.
